

UK Conditional Income Kick-out Plan (CA011)

Plan Summary

Potential Early Maturity (Kick-out)

The Plan has been structured to provide fixed quarterly income payments of 1.20%, depending on the performance of the FTSE 100 Index, over the eight year term. The Plan has the potential to mature early (kick-out) from the first year and quarterly thereafter.

On each of the 32 Observation Dates over the eight year term, the Closing Level of the FTSE 100 Index will be compared with its Initial Index Level (the Closing Level on the Investment Start Date). If, on an Observation Date, the Closing Level of the Index is **at or above 80% of its Initial Index Level**, you will receive an income payment of 1.20%.

If however, the Closing Level of the FTSE 100 Index is **below 80% of its Initial Index Level** on an Observation Date, you will receive no income payment. The income you may receive is dependent on the Closing Level of the Index on each of the Observation Dates.

If no income is payable on an Observation Date due to the Closing Level of the FTSE 100 Index on that date, this does not affect the potential to receive subsequent income payments.

Final Redemption

Where the Plan has not matured early and runs to the full eight year term, repayment of your Initial Investment, will depend on the Final Index Level (the Closing Level of the FTSE 100 Index on the Investment End Date, 1 October 2029).

If the Final Index Level is **at or above 65% of its Initial Index Level**, your Initial Investment will be repaid to you.

If, however, the Final Index Level is **below 65% of its Initial Index Level**, repayment of your Initial Investment will be reduced by 1% for every 1% the Final Index Level is below its respective Initial Index Level, or fraction thereof.

Return of proceeds

Your maturity proceeds (including Initial Investment, plus any returns from the Plan or minus any deductions) will be applied to your Walker Crips account within 10 business days of the Investment End Date (or relevant Anniversary Date), subject to timely receipt of the funds from the issuer.
