

# UK Monthly Kick-out Plan (GS195)

**WALKERCRIPS**  
Structured Investments

The Plan provides the potential to receive an accumulated return of 7.80% p.a. depending on the performance of the FTSE 100 Index.

If, on any monthly Observation Date, the FTSE 100 Index closes **at or above the Initial Index Level**, the Plan will end and the Initial Investment will be repaid, plus an accumulated return calculated as the number of months from the Investment Start Date, multiplied by 0.65% (equivalent to 7.80% per annum).

Where the Plan has not matured early and runs to the full six year term, investors will lose a significant proportion of their Initial Investment if the Final Index Level is below 50% of its Initial Index Level on the Investment End Date.
