

UK 90% Annual Kick-out Deposit Plan (SAN048)

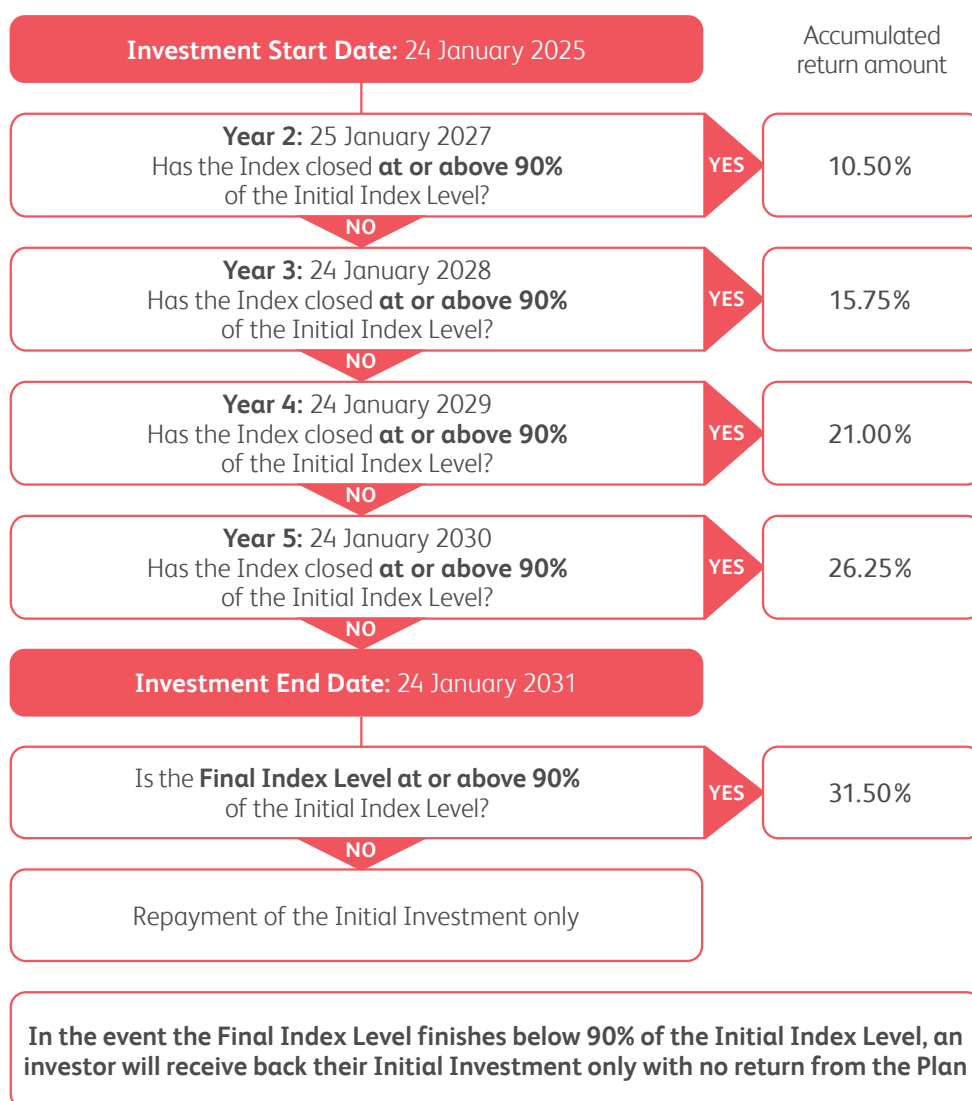

WALKERCRIPS
Structured Investments

The Plan provides the potential to receive an accumulated return of 5.25% p.a. depending on the performance of the FTSE 100 Index.

If, on an Anniversary Date, the FTSE 100 Index closes **at or above 90% of the Initial Index Level**, the Plan will end and the Initial Investment will be repaid, plus an accumulated return of 5.25% for each year that has elapsed since the Investment Start Date.

If, however, the FTSE 100 Index closes **below 90% of the Initial Index Level** on an Anniversary Date, the Plan will continue to the next Anniversary Date.

Where the Plan has not matured early and runs to the full six year term, an investor will not receive any return on their Initial Investment if the Final Index Level finishes below 90% of the Initial Index Level on the Investment End Date.

Historical FTSE 100 Index Performance

Index Levels

This graph shows the FTSE 100 Index performance over the past 10 years. The Initial Index Level for the Plan will be set as the Closing Level of the Index on the Investment Start Date.

The Index can fall as well as rise and past performance is not a reliable indicator of future returns. The Plan is subject to a maximum return which could be lower than received if an investor had invested directly in the shares of the companies which comprise the FTSE 100 Index. Additionally, investors will not receive dividend income from those companies.
