

UK Annual Kick-out Plan (SAN074)

WALKERCRIPS
Structured Investments

The Plan provides the potential to receive an accumulated return of 8% p.a. depending on the performance of the FTSE 100 Index.

If, on an Anniversary Date, the FTSE 100 Index closes **at or above the Initial Index Level**, the Plan will end and the Initial Investment will be repaid, plus an accumulated return of 8% for each year that has elapsed since the Investment Start Date.

If, however, the FTSE 100 Index closes **below the Initial Index Level** on an Anniversary Date, the Plan will continue to the next Anniversary Date.

Where the Plan has not matured early and runs to the full seven year term, investors will lose a significant proportion of their Initial Investment if the Final Index Level is below 65% of its Initial Index Level on the Investment End Date.

Historical FTSE 100 Index Performance

Index Levels

This graph shows the FTSE 100 Index performance over the past 10 years. The Initial Index Level for the Plan will be set as the Closing Level of the Index on the Investment Start Date.

The Index can fall as well as rise and past performance is not a reliable indicator of future returns. The Plan is subject to a maximum return which could be lower than received if an investor had invested directly in the shares of the companies which comprise the FTSE 100 Index. Additionally, investors will not receive dividend income from those companies.

Performance based on a rolling basis data range since 1984.

*Percentage outcome reflects the number of occurrences where the performance of the Index would have triggered the specified return in the given year.

The results of historical back testing should be treated with caution. Back testing is not a reliable indicator of future performance and is simulated on the assumption that the current product existed and had been offered throughout the back testing period.
