

UK & Europe Annual Kick-out Plan (CA119)

WALKERCRIPS
Structured Investments

The Plan provides the potential to receive an accumulated return of 11% p.a. depending on the performance of the FTSE 100 Index and the EURO STOXX 50 Index.

If, on an Anniversary Date, both the FTSE 100 Index and the EURO STOXX 50 Index close **at or above their Initial Index Levels**, the Plan will end and the Initial Investment will be repaid, plus an accumulated return of 11% for each year that has elapsed since the Investment Start Date.

If, however, the FTSE 100 Index or the EURO STOXX 50 Index close **below their Initial Index Levels** on an Anniversary Date, the Plan will continue to the next Anniversary Date.

Where the Plan has not matured early and runs to the full six year term, investors will lose a significant proportion of their Initial Investment if the Final Index Level of either Index is below 65% of its Initial Index Level on the Investment End Date.

Index Levels

These graphs show the FTSE 100 Index and the EURO STOXX 50 Index performance over the past 10 years. The Initial Index Levels for the Plan will be set as the Closing Levels of each Index on the Investment Start Date.

Each Index can fall as well as rise and past performance is not a reliable indicator of future returns. The Plan is subject to a maximum return which could be lower than received if an investor had invested directly in the shares of the companies which comprise the Index. Additionally, investors will not receive dividend income from those companies.

*Percentage outcome reflects the number of occurrences where the performance of the Index would have triggered the specified return in the given year.

The results of historical back testing should be treated with caution. Back testing is not a reliable indicator of future performance and is simulated on the assumption that the current product existed and had been offered throughout the back testing period.
