UK Quarterly Kick-out Plan (HS583)

The Plan provides the potential to receive an accumulated return of 8.40% p.a. depending on the performance of the FTSE 100 Index.

If, on an Observation Date, the FTSE 100 Index closes **at or above the Initial Index Level**, the Plan will end and the Initial Investment will be repaid, plus an accumulated return of 2.10% for each quarter that has elapsed (equivalent to 8.40% per annum) since the Investment Start Date.

If, however, the FTSE 100 Index closes **below the Initial Index Level** on an Observation Date, the Plan will continue to the next Observation Date.

Where the Plan has not matured early and runs to the full six year term, investors will lose a significant proportion of their Initial Investment if the Final Index Level is below 65% of its Initial Index Level on the Investment End Date.

If the **Final Index Level is below 65%** of the Initial Index Level, a significant proportion of an investor's Initial Investment will be lost and investors will not receive a return from their investment in the Plan
