Historical FTSE 100 Index Performance

Index Levels

This graph shows the FTSE 100 Index performance over the past 10 years. The Initial Index Level for the Plan will be set as the Closing Level of the FTSE 100 Index on the 15 December 2017.

The Index can fall as well as rise and past performance is not a reliable indicator of future performance. The Plan is subject to a maximum potential capital growth and therefore the return you receive could be lower than if you invested directly in the shares of the companies which comprise the FTSE 100 Index. Additionally, you will not receive dividend income from those companies.
