

Annual Growth Plan Issue 24 (Kick-out)

Potential Return at Maturity

If, after six years (23 March 2020), the FTSE™ 100 Index closes at or above its Initial Index Level, you will receive 100% of your Initial Capital, plus additional capital growth of **46.5%**.

Potential Early Maturity after 2, 3, 4 or 5 Years

If, after two, three, four or five years (21 March 2016, 21 March 2017 or 21 March 2019) the FTSE™ 100 Index has closed at or above its Initial Index Level, the Plan will mature early and you will receive 100% of your Initial Capital, plus additional capital growth of 15.5%, 23.25%, 31% or 38.75% respectively.

Final Redemption

If the Plan has not matured early, and after six years the Final Index Level is at or above its Initial Index Level, the Plan will provide 46.5% capital growth.

Where the Final Index Level is below its Initial Index Level, but at or above **50%** of the Initial Index Level, you will receive 100% of your Initial Capital only, and no capital growth will have been achieved.

If, however, the Final Index Level closes below **50%** of its Initial Index Level on the Investment End Date (23 March 2020), there will be a capital reduction, and no growth will have been achieved.

This capital reduction (if any), will be determined by the performance of the FTSE™ 100 Index. Capital will be reduced by 1% for every 1% the Final Index Level is below its Initial Index Level (and part thereof).

Please note that where an adviser charge has been deducted, the returns quoted on this summary refer to the Net Investment Amount after the deduction of charges.

Investment Start Date

21 March 2014

Investment Term

Six years
