

Annual Growth Plan

Issue 31 (Kick-out)

Potential Return at Maturity

If, after six years (12 February 2021), the FTSE 100 Index closes at or above its Initial Index Level, you will receive 100% of your Initial Capital, plus additional capital growth of 49.5%.

Potential Early Maturity after 2, 3, 4 or 5 Years

If, after two, three, four or five years (13 February 2017, 12 February 2018, 12 February 2019 and 12 February 2020) the FTSE 100 Index has closed at or above its Initial Index Level, the Plan will mature early and you will receive 100% of your Initial Capital, plus additional capital growth of 16.5%, 24.75%, 33% or 41.25% respectively.

Final Redemption

If the Plan has not matured early, and after six years the Final Index Level is at or above its Initial Index Level, the Plan will provide 49.5% capital growth.

Where the Final Index Level is below its Initial Index Level, but at or above 60% of the Initial Index Level, you will receive 100% of your Initial Capital only, and no capital growth will have been achieved.

If, however, the Final Index Level closes below 60% of its Initial Index Level on the Investment End Date (12 February 2021), there will be a capital reduction, and no growth will have been achieved.

This capital reduction (if any), will be determined by the performance of the FTSE 100 Index. Capital will be reduced by 1% for every 1% the Final Index Level is below its Initial Index Level (and part thereof).

Please note that where an adviser charge has been deducted, the returns quoted on this summary refer to the Net Investment Amount after the deduction of charges.

Capital Return

You will normally receive your Initial Capital back with any returns from the Plan and less any capital reduction, if any, approximately 10 business days after the end of the Investment Term or anniversary date, subject to timely receipt of maturity proceeds from the Issuer.
