

Annual Growth Plan Issue 35 (Kick-out)

Potential Early Maturity after 2, 3, 4 or 5 Years

If, after two, three, four or five years (16 October 2017, 16 October 2018, 16 October 2019 and 16 October 2020) the FTSE 100 Index has closed at or above its Initial Index Level, the Plan will mature early and you will receive 100% of your Initial Capital, plus additional capital growth of 17%, 25.5%, 34% or 42.5% respectively.

Final Redemption

If the Plan has not matured early, and after six years the Final Index Level is at or above its Initial Index Level, you will receive 100% of your Initial Capital, plus additional capital growth of 51%.

Where the Final Index Level is below its Initial Index Level, but at or above 50% of the Initial Index Level, you will receive 100% of your Initial Capital back but no capital growth.

If, however, the Final Index Level closes below 50% of its Initial Index Level on the Investment End Date (18 October 2021), there will be a capital reduction, and no growth will have been achieved.

This capital reduction (if any), will be determined by the performance of the FTSE 100 Index. Capital will be reduced by 1% for every 1% the Final Index Level is below its Initial Index Level (and part thereof).

Please note that where an adviser charge has been deducted, the returns quoted on this summary refer to the Net Investment Amount after the deduction of charges.

Capital Return

Return of Capital plus any capital growth or less any reduction, will be applied to your Walker Crips Account within 10 business days of the Investment End Date, or relevant anniversary date, subject to timely receipt of maturity proceeds from the Issuer.
