

## Annual Growth Plan Issue 45 (Kick-out)

### Potential Early Maturity (Kick-out)

The Plan has the potential to mature early (kick-out), from the first anniversary, and on four subsequent anniversary dates, depending on the performance of the FTSE 100 Index.

If, on an anniversary date, the closing level of the FTSE 100 Index is at or above its Initial Index Level, the Plan will mature early and you will receive back your Initial Capital plus capital growth of 8% for each year that has elapsed.

If, however, the FTSE 100 Index is below its Initial Index Level on an anniversary date, no growth will be achieved and the Plan will continue to the next anniversary date.

### Final Redemption

Where the performance of the FTSE 100 Index has not activated an early maturity, and the Plan runs for the full six-year term, the final value of the Plan will be determined by the Final Index Level of the FTSE 100 Index on the Investment End Date.

If the Final Index Level is at or above its Initial Index Level, you will receive 100% of your Initial Capital, plus additional capital growth of 48%.

If the Final Index Level is below its Initial Index Level, but at or above 50% of the Initial Index Level, you will receive 100% of your Initial Capital back but no capital growth.

If, however, the Final Index Level is below 50% of its Initial Index Level, no growth will be achieved and your Capital will be reduced by 1% for every 1% the Final Index Level is below its Initial Index Level or fraction thereof.

Please note that where an adviser charge has been deducted, the returns quoted on this summary refer to the Net Investment Amount after the deduction of charges.
