

# Defensive Annual Growth Plan Issue 9 (Kick-out)

## Potential Return at Maturity

If, after six years (26 May 2020), the FTSE™ 100 Index closes at or above **75%** of its Initial Index Level, you will receive 100% of your Initial Capital, plus additional capital growth of 39%.

## Potential Early Maturity after 2, 3, 4 or 5 Years

If, after two, three, four or five years (23 May 2016, 23 May 2017, 23 May 2018, 23 May 2019) the FTSE™ 100 has closed at or above its Initial Index Level, the Plan will mature early and you will receive 100% of your Initial Capital, plus additional capital growth of 13%, 19.5%, 26% or 32.5% respectively.

## Final Redemption

If the Plan has not matured early, and after six years the Final Index Level is at or above 75% of its Initial Index Level, the Plan will provide 39% capital growth.

Where the Final Index Level is below 75% of its Initial Index Level, but at or above 50% of the Initial Index Level, you will receive 100% of your Initial Capital only, and no capital growth will have been achieved.

If, however, the Final Index Level closes below **50%** of its Initial Index Level on the Investment End Date (26 May 2020), there will be a capital reduction, and no growth will have been achieved.

This capital reduction (if any), will be determined by the performance of the FTSE™ 100 Index. Capital will be reduced by 1% for every 1% the Final Index Level is below its Initial Index Level (and part thereof).
