

Defensive Dual Index Plan (FTSE & EURO STOXX) Issue 4

Potential Return at Maturity

If, after six years (15 November 2019), the FTSE™ 100 Index and the EURO STOXX 50® Index close at or above **75%** of their Initial Index Levels, you will receive 100% of your Initial Capital, plus additional capital growth of 60%.

Potential Early Maturity after 1, 2, 3, 4 or 5 Years

If, after one, two, three, four or five years (17 November 2014, 16 November 2015, 15 November 2016, 15 November 2017, 15 November 2018) the FTSE™ 100 Index and the EURO STOXX 50® Index have closed at or above their Initial Index Levels, the Plan will mature early and you will receive 100% of your Initial Capital, plus additional capital growth of 10% for each year the plan has been in force.

Final Redemption

If the Plan has not matured early, and after six years both Indices are at or above 75% of their respective Initial Index Levels, the Plan will provide 60% capital growth.

Where one or both Final Index Levels are below 75% of their Initial Index Levels **but** both Final Index Levels are at or above 50% of their Initial Index Levels, you will receive 100% of your Initial Capital only, and no capital growth will have been achieved.

If, however, one or both of the Indices close below 50% of their respective Initial Index Levels on the Investment End Date (15 November 2019), there will be a capital reduction, and no growth will have been achieved.

This capital reduction (if any), will be determined by the worst performing Final Index Level. Capital will be reduced by 1% for every 1% the worst performing Final Index Level is below its Initial Index Level (and part thereof).

Please note that where an adviser charge has been deducted, the returns quoted on this summary refer to the Net Investment Amount after the deduction of charges.
