

Defensive Dual Index Plan (FTSE and EURO STOXX) Issue 8

Potential Return at Maturity

If, after six years (28 September 2020), the FTSE 100 Index and the EURO STOXX 50® Index close at or above 75% of their Initial Index Levels, you will receive 100% of your Initial Capital, plus additional capital growth of 54%.

Potential Early Maturity after 2, 3, 4 or 5 Years

If, after two, three, four or five years (26 September 2016, 26 September 2017, 26 September 2018 and 26 September 2019) the FTSE 100 Index and the EURO STOXX 50® Index have closed at or above their Initial Index Levels, the Plan will mature early and you will receive 100% of your Initial Capital, plus additional capital growth of 18%, 27%, 36% or 45% respectively.

Final Redemption

If the Plan has not matured early, and after six years both Indices are at or above 75% of their respective Initial Index Levels, the Plan will provide 54% capital growth.

Where one or both Final Index Levels are below 75% of their Initial Index Levels but both Final Index Levels are at or above 50% of their Initial Index Levels, you will receive 100% of your Initial Capital only, and no capital growth will have been achieved.

If, however, one or both of the Indices close below 50% of their respective Initial Index Levels on the Investment End Date (28 September 2020), there will be a capital reduction, and no growth will have been achieved.

This capital reduction (if any), will be determined by the worst performing Final Index Level. Capital will be reduced by 1% for every 1% the worst performing Final Index Level is below its Initial Index Level (and part thereof).

Please note that where an adviser charge has been deducted, the returns quoted on this summary refer to the Net Investment Amount after the deduction of charges.

Capital Return

You will normally receive your Initial Capital back with any returns from the Plan and less any capital reduction, if any, approximately 10 business days after the end of the Investment Term or anniversary date, subject to timely receipt of maturity proceeds from the Issuer.
