

# Defensive Dual Index Plan (FTSE and S&P) Issue 24

## Potential Return at Maturity

If, after six years (27 July 2020), the FTSE 100 Index and the S&P 500 Index close at or above 75% of their Initial Index Levels, you will receive 100% of your Initial Capital, plus additional capital growth of 45%.

## Potential Early Maturity after 2, 3, 4 or 5 Years

If, after two, three, four or five years (25 July 2016, 25 July 2017, 25 July 2018 and 25 July 2019) the FTSE 100 Index and the S&P 500 Index have closed at or above their Initial Index Levels, the Plan will mature early and you will receive 100% of your Initial Capital, plus additional capital growth of 15%, 22.5%, 30% or 37.5% respectively.

## Final Redemption

If the Plan has not matured early, and after six years both Indices are at or above 75% of their respective Initial Index Levels, the Plan will provide 45% capital growth.

If, however, one or both of the Indices close below 50% of their respective Initial Index Levels on the Investment End Date (27 July 2020), there will be a capital reduction, and no growth will have been achieved.

Where the Final Index Level is below its Initial Index Level, but at or above 50% of the Initial Index Level, you will receive 100% of your Initial Capital only, and no capital growth will have been achieved.

This capital reduction (if any), will be determined by the worst performing Final Index Level. Capital will be reduced by 1% for every 1% the worst performing Final Index Level is below its Initial Index Level (and part thereof).

Please note that where an adviser charge has been deducted, the returns quoted on this summary refer to the Net Investment Amount after the deduction of charges.

## Capital Return

You will normally receive your Initial Capital back with any returns from the Plan and less any capital reduction, if any, approximately 10 business days after the end of the Investment Term or anniversary date, subject to timely receipt of maturity proceeds from the Issuer.
