

Dual Index Plan Issue Ten (Kick-out)

Potential Return at Maturity

If, after six years (26th February 2018), the FTSE 100 Index closes at or above **5935.13** and the S&P 500 Index closes at or above **1365.74**, you will receive 100% of your Initial Capital, plus additional capital growth of 75%.

Potential Early Maturity after 1, 2, 3, 4 or 5 Years

If, after one, two, three, four or five years (25th February 2013, 24th February 2014, 24th February 2015, 24th February 2016, 24th February 2017), the FTSE 100 Index has closed at or above **5935.13** and the S&P 500 Index has closed at or above **1365.74**, the Plan will mature early and you will receive 100% of your initial capital, plus additional capital growth of 12.5%, 25%, 37.5%, 50% or 62.5% respectively.

Conditional Capital Protection at Maturity

If the Plan has not matured early and after six years both Indices do not close at or above their respective Initial Index Levels, your capital will be returned in full provided that the FTSE 100 Index has not closed below **2967.565** or the S&P 500 Index has not closed below **682.87** (50% of their respective Initial Index Levels) on the Investment End Date.

If either of the Indices close below 50% of their respective Initial Index Levels on the Investment End Date (26th February 2018), there will be a capital reduction.

This capital reduction (if any), will be determined by the worst performing Final Index Level. Capital will be reduced by 1% for every 1% the worst performing Final Index Level is below its Initial Index Level (and part thereof).

Capital Return

You will normally receive your initial capital back with any returns from the Plan and less any capital reduction, if any, approximately 14 business days after the end of the Investment Term or anniversary date, subject to timely receipt of maturity proceeds from the Issuer.
