

## Six Year FTSE100 Deposit Plan Issue Two

### Interest Payment

The FTSE 100 Deposit Plan is designed to provide a fixed interest payment of 42.5% after six years.

At the end of the investment term (31<sup>st</sup> March 2016), Initial Capital will be returned and, if the FTSE™100 is at or above the Initial Index Level of 5679.64, an additional interest payment of 42.5% will be paid.

### Return of Capital

100% return of capital on the Investment End Date of 31<sup>st</sup> March 2016 subject to the below.

### Risk to Capital

Return of capital and any interest payment are subject to the Deposit Taker meeting its obligations. If the Deposit Taker fails, for example if it becomes insolvent within the investment term or is otherwise unable to meet its legal obligations, you may lose some or all of your investment and any interest payment may not be made.

In the event of failure of the Deposit Taker to fulfill its obligations under the Deposit, the UK Financial Services Compensation Scheme is unlikely to apply.

### Capital Return

You will normally receive your initial capital back with any returns from the Plan and less any capital reduction, if any, approximately 14 business days after the end of the Investment Term or anniversary date, subject to timely receipt of maturity proceeds from the Deposit Taker.
