

# Six Year Annual Growth Plan Issue Twelve (Kick-out)

## Potential Return at Maturity

If, after six years (27<sup>th</sup> July 2017), the Index closes at or above **5856.58** (Initial Index Level), you will receive 100% of your initial capital, plus additional capital growth of 42%.

## Potential Early Maturity after 1, 2, 3, 4 or 5 Years

If, after one year (27<sup>th</sup> July 2012), the Index has closed at or above **5856.58** (Initial Index Level), the Plan will mature early and you will receive 100% of your initial capital, plus additional capital growth of 7%.

If, after two, three, four or five years (29<sup>th</sup> July 2013, 28<sup>th</sup> July 2014, 27<sup>th</sup> July 2015, or 27<sup>th</sup> July 2016), the Index has closed at or above **5856.58** (Initial Index Level), the Plan will mature early and you will receive 100% of your initial capital, plus additional capital growth of 14%, 21%, 28% or 35% respectively.

## Conditional Capital Protection at Maturity

If the Plan has not matured early, or after six years the Index does not close at or above the Initial Index Level, your capital will be returned in full provided that the Index does not close below **2928.29** (50% of the Initial Index Level) on the Investment End Date.

If the Index is below **2928.29** (50% of the Initial Index Level) on the Investment End Date, there will be a capital reduction.

This capital reduction (if any), will be determined by the Final Index Level. Capital will be reduced by 1% for every 1% the Final Index Level is below the Initial Index Level (and part thereof).

## Capital Return

You will normally receive your initial capital back with any returns from the Plan and less any capital reduction, if any, approximately 14 business days after the end of the Investment Term or anniversary date, subject to timely receipt of maturity proceeds from the Issuer.

### Investment Start Date

27<sup>th</sup> July 2011
