

## Dual Index Plan - Issue Three (Kick-Out)

### Potential Return at Maturity

If, after six years (19<sup>th</sup> September 2016), both Indices close at or above their Initial Index Levels, you will receive 100% of your Initial Capital, plus additional capital growth of 90%.

### Potential Early Maturity after 1, 2, 3, 4 or 5 years

If, after one year (19<sup>th</sup> September 2011) both the FTSE™ 100 Index and the S&P 500 Index have closed at or above their Initial Index Levels the Plan will close and you will receive 100% of your initial capital plus additional capital growth of 15%.

If, after two, three, four or five years (17<sup>th</sup> September 2012, 17<sup>th</sup> September 2013, 17<sup>th</sup> September 2014 or 17<sup>th</sup> September 2015), both the Indices have closed at or above their Initial Index Levels the Plan will close and you will receive 100% of your initial capital, plus additional capital growth of 30%, 45%, 60% or 75% respectively.

### Conditional Capital Protection at Maturity

If the Plan has not matured early and if, on 19<sup>th</sup> September 2016, one or both of the Indices close below their Initial Index Levels but neither Index has fallen below 50% of their Initial Index Levels during the Investment Term, the plan will return 100% of the original capital invested, but no capital growth.

If one, or both, of the Indices have fallen below 50% of their Initial Index Levels during the Investment Term and both Indices have not recovered to the same level as, or higher than, their relevant Initial Index Level on 19<sup>th</sup> September 2016, capital is at risk and there will be a capital reduction.

The capital reduction (if any), will be determined by the worst performing index on the 19<sup>th</sup> September 2016. Capital will be reduced by 1% for every 1% the worst performing index is below its Initial Index Level (and part thereof).

### Capital Return

You will normally receive your initial capital back with any returns from the Plan and less any capital reduction, if any, approximately 14 business days after the end of the Investment Term or any anniversary date, subject to timely receipt of maturity or sale proceeds from the Issuer.
