

## Six Year FTSE Growth Kick Out Plan – Issue One

### Potential Return at Maturity

If, after six years (31<sup>st</sup> March 2016), the Index closes at or above 5679.64 (Initial Index Level), you will receive 100% of your initial capital, plus 150% (1.5x) any rise in the FTSE™ 100 Index.

### Potential Early Maturity after 3 Years

If, after three years (2<sup>nd</sup> April 2013), the Index has closed at or above 5679.64 (Initial Index Level), the Plan will mature early and you will receive 100% of your initial capital, plus additional capital growth of 30%.

### Conditional Capital Protection at Maturity

If the Plan has not matured early, and if, after six years, the Index does not close at or above the Initial Index Level, your capital will be returned in full provided that the Index does not close below 2839.82 (50% of the Initial Index Level) on the Investment End Date.

If the Index is below 2839.82 (50% of the Initial Index Level) on the Investment End Date, there will be a capital reduction.

This capital reduction (if any), will be determined by the Final Index Level. Capital will be reduced by 1% for every 1% the Final Index Level is below the Initial Index Level (and part thereof).

### Capital Return

You will normally receive your initial capital back with any returns from the Plan and less any capital reduction, if any, approximately 14 business days after the end of the Investment Term or third anniversary date, subject to timely receipt of maturity or sale proceeds from the Issuer.
