

# Six Year Triple Index Plan Issue One (Kick-out)

## Potential Return at Maturity

If, after six years (21<sup>st</sup> December 2016), the FTSE 100 Index closes at or above 5951.80 **and the** EURO STOXX 50 Index closes at or above 2876.99 **and the** S&P 500 Index closes at or above 1254.60, you will receive 100% of your initial capital, plus additional capital growth of 90%.

## Potential Early Maturity after 1, 2, 3, 4 or 5 Years

If, after one, two, three, four or five years (21<sup>st</sup> December 2011, 21<sup>st</sup> December 2012, 23<sup>rd</sup> December 2013, 22<sup>nd</sup> December 2014, or 21<sup>st</sup> December 2015), the FTSE 100 Index has closed at or above 5951.80 **and the** EURO STOXX 50 Index has closed at or above 2876.99 **and the** S&P 500 has closed at or above 1254.60, the Plan will mature early and you will receive 100% of your initial capital, plus additional capital growth of 15%, 30%, 45%, 60% or 75% respectively.

## Conditional Capital Protection at Maturity

If the Plan has not matured early and after six years all three Indices do not close at or above their respective Initial Index Levels, your capital will be returned in full provided that the FTSE 100 Index has not closed below 2975.90 **and the** EURO STOXX 50 Index has not closed below 1438.495 **and the** S&P 500 Index has not closed below 627.30 (50% of respective Initial Index Levels) on the Investment End Date.

If either Index has fallen below its respective 50% barrier during the Investment Term and all three Indices are not above their Initial Index Level on the Investment End Date, there will be a capital reduction.

This capital reduction (if any), will be determined by the worst performing Final Index Level. Capital will be reduced by 1% for every 1% the worst performing Final Index Level is below its Initial Index Level (and part thereof).

## Capital Return

You will normally receive your initial capital back with any returns from the Plan and less any capital reduction, if any, approximately 14 business days after the end of the Investment Term or anniversary date, subject to timely receipt of maturity proceeds from the Issuer.
