Potential capital growth

When you invest in the SG UK Equal Weight Kick-out Plan, the return of your initial investment and any potential capital growth is dependent on the performance of the FTSE 100 Fixed Dividend Equal Weight Custom Index.

If, on an anniversary date, the Index closes at or above the Initial Index Level, your investment will mature early and you will receive a fixed capital growth payment of 9.5% for each year that has elapsed.

Where the Plan has not matured early and runs to the full six year term, there will be a capital loss if the Final Index Level is below 60% of its Initial Index Level on the Investment End Date.

The risk to your Capital

Where the Plan has not matured early and runs to the full six year term, the return of your Initial Capital and any potential capital growth will depend on the Final Index Level (the Closing Level of the FTSE 100 Fixed Dividend Equal Weight Custom Index on the Investment End Date, 28 December 2023).

There are three possible scenarios on the Investment End Date:

- If the Final Index Level is **at or above** the Initial Index Level you will receive 100% of your Initial Capital plus capital growth of 57%.
- If the Final Index Level is **below** the Initial Index Level, **but at or above 60%** of the Initial Index Level, you will receive 100% of your Initial Capital but no capital growth.
- If, however, the Final Index Level is **below 60%** of the Initial Index Level your Initial Capital will be reduced by 1% for every 1% the Final Index Level is below the Initial Index Level.

The table below illustrates how the return of your Initial Capital and capital growth will be affected by the Final Index Level on the 28 December 2023.

Where is the Final Index Level in relation to the Initial Index Level? %	Capital growth %	Capital return %	Capital reduction %
+20	57	100	0
+10	57	100	0
No change	57	100	0
-10	0	100	0
-25	0	100	0
-40	0	100	0
-41	0	59	41
-55	0	45	55
-75	0	25	75

Irrespective of the performance of the Index, your investment and the potential returns from the investment are at risk if the Counterparty, Societe Generale, were to fail or become insolvent.

About the Index

What is the FTSE 100 Fixed Dividend Equal Weight Custom Index?

Your money is not invested directly into the FTSE 100 Fixed Dividend Equal Weight Custom Index. However, as the return of your investment is dependent on the performance of the Index, it is important to understand what it is and how it could affect your money.

The FTSE 100 Fixed Dividend Equal Weight Custom Index is a share index that was launched in March 2017, and is calculated and published by FTSE. The Index tracks the performance of the UK's 100 largest companies listed on the London Stock Exchange and consists of the same 100 companies as the FTSE 100 Index, including many household names such as GlaxoSmithKline, HSBC and Vodafone.

Both the FTSE 100 Index and FTSE 100 Fixed Dividend Equal Weight Custom Index are rebalanced quarterly to ensure the allocation of the constituent companies remains aligned to the relevant index.

What is an 'equal weight' index?

The FTSE 100 Index weights each of its constituent companies according to its size (or 'market capitalisation'), meaning exposure is concentrated on a small number of its largest companies. For example, the top 5 companies of the FTSE 100 Index represent approximately 28% of the total weight of the FTSE 100 Index (as at 16 November 2017).

In contrast, the FTSE 100 Fixed Dividend Equal Weight Custom Index applies the same weight to all of its components, meaning each of the same 100 constituent companies as the FTSE 100 Index represents 1% of the FTSE 100 Fixed Dividend Equal Weight Custom Index. Therefore, the same top 5 companies of the FTSE 100 Index represent 1% each of the total weight of the FTSE 100 Fixed Dividend Equal Weight Custom Index, or 5% of the Index in total.

What is meant by 'fixed dividend'?

The FTSE 100 Index excludes all dividends paid by the companies underlying the index. It is a 'price return index' based purely on the performance of the constituent companies' share price.

Rather than exclude the dividends paid by its 100 constituent companies, the FTSE 100 Fixed Dividend Equal Weight Custom Index reinvests all dividends paid by the underlying companies and makes a fractional point deduction to the Index level on a daily basis, equivalent to the removal of an annual fixed dividend of 50 Index points.

The removal of an annual fixed dividend of 50 points provides the potential to achieve the higher returns offered by the Plan but can have a positive or negative impact on the Plan depending on the performance of the Index.

For example, if the Initial Index Level is 1000, the 50 points fixed dividend, in percentage terms, is equivalent to 5% (i.e. 50/1000).

- If the Index were to rise 25% in value to 1250, the same 50 points would now be equivalent to 4% of the Index level (i.e. 50/1250).
- If the Index were to fall 25% in value to 750, the same 50 points would now be equivalent to 6.6% of the Index level (i.e. 50/750).

Comparative performance of the FTSE 100 Fixed Dividend Equal Weight Custom Index versus the FTSE 100 Index is also impacted by the fixed dividend.

- Where the actual dividends paid by the companies comprising the FTSE 100 Index in a 12 month period are more than the annual fixed dividend of 50 points, the net result will have a comparatively positive impact on the performance of the FTSE 100 Fixed Dividend Equal Weight Custom Index.
- Where the actual dividends paid by the companies comprising the FTSE 100 Index in a 12 month period are less than the annual fixed dividend of 50 points, the net result will have a comparatively negative impact on the performance of the FTSE 100 Fixed Dividend Equal Weight Custom Index.

Market scenarios

The risk to your Capital and any potential return you may receive from the Plan is dependent upon the level of the FTSE 100 Fixed Dividend Equal Weight Custom Index on the relevant anniversary dates during the term of the Plan, and on the Investment End Date.

It is impossible to accurately predict how any stock market index will perform in the future. However, it is important to carefully consider the likelihood of a potential loss to your Capital and the potential of receiving a return under different market conditions.

The table below demonstrates how you might expect the Plan to perform in different future market scenarios.

	Plan matures early and provides a return on your investment	Plan runs to the full 6 year Investment Term and returns maximum growth (57%) on the Investment End Date	Plan runs to the full 6 year Investment Term and results in a capital loss on the Investment End Date
Negative market scenario The UK stock market performs poorly and the Index exhibits a negative trend over the Investment Term.	Unlikely	Very unlikely	More than likely
Neutral market scenario The UK stock market fluctuates, and the Index exhibits aspects of both positive and negative trends at different periods over the Investment Term.	More than likely	Very unlikely	Unlikely
Positive market scenario The UK stock market performs well and the Index exhibits a positive trend over the Investment Term.	Very likely	Very unlikely	Very unlikely

You are most likely to receive a return from this Plan in a positive market scenario where the UK stock market performs well and the FTSE 100 Fixed Dividend Equal Weight Custom Index activates an early maturity (kick-out). This Plan is therefore most suited to an investor with a positive view of the potential performance of the UK stock market over the Investment Term.

In contrast, it is unlikely you will receive a return from the Plan if the UK stock market performs poorly and the FTSE 100 Fixed Dividend Equal Weight Custom Index falls in value. You will lose a significant amount of the Capital you invested if the Index closes below 60% of its Initial Index Level on the Investment End Date. If the Index falls to zero, you will lose all of your invested Capital.

Different investment products may be suitable for different views of future market conditions and you should consider this Plan in the context of your overall investment portfolio.

The examples provided are for illustrative purposes only and do not represent actual investment performance nor constitute a forecast of any particular outcome occurring.

Counterparty risk

The SG UK Equal Weight Kick-out Plan is a structured investment plan provided and administered by Walker Crips. The Counterparty for this Plan is Societe Generale.

An investment in the Plan is an agreement with the Plan Manager, Walker Crips Structured Investments, to purchase on your behalf, securities which are specifically structured to match the investment features described in this brochure, and to hold and administer those securities until the Plan matures.

The type of securities that will be issued for this Plan are called medium term notes, similar to a corporate bond or other debt security. This is effectively a type of loan to Societe Generale, which in return, entitles you to the potential returns stated in this brochure.

The securities will be issued by SG Issuer. The payment obligations of the SG Issuer are guaranteed by Societe Generale. This means that, should SG Issuer fail or be unable to make payments due under the terms of the securities, Societe Generale will meet the payment obligations on its behalf.

As the payment obligations of the SG Issuer are guaranteed by Societe Generale, the return of your Capital and any potential capital growth payments due to you are subject to the continued solvency of Societe Generale.

In the event of the failure or insolvency of Societe Generale, you could lose all or part of your investment and any potential capital growth, regardless of the performance of the FTSE 100 Fixed Dividend Equal Weight Custom Index.

As repayment of your Capital and any potential return described in this brochure is subject to the continued solvency of Societe Generale during the Investment Term, it is important to consider the creditworthiness of Societe Generale.

Credit ratings are a means of evaluating an institution's creditworthiness. Credit ratings are assigned by independent organisations known as credit rating agencies.

Standard & Poor's is one of the three main credit rating agencies and grades institutions on a scale from AAA (highest) to D (lowest).

At the time of publication of this brochure (16 November 2017), Societe Generale was rated 'A' by Standard & Poor's.

Institutions within the 'A' rating band are described by Standard & Poor's as having a strong capacity to meet their financial commitments, but are more susceptible to the adverse effects of changes in circumstances and economic conditions than those institutions rated 'AAA' or 'AA'.

A Standard & Poor's rating outlook assesses the potential direction of a long-term credit rating over the intermediate term (typically six months to two years). In determining a rating outlook, consideration is given to any changes in the economic and fundamental business conditions.

The Standard & Poor's rating of Societe Generale is currently qualified with a 'stable' outlook which means that the rating is unlikely to change in the short term.

Credit ratings can go up or down throughout the Investment Term in response to changes in the financial position of the Counterparty. It is possible that the quoted rating or outlook may have changed since the publication of this brochure. For current information on credit ratings, including ratings provided by the other main credit rating agencies, Moody's and Fitch Ratings, please visit our website at www.wcgplc.co.uk/wcsi.

For more information on credit ratings or other methods of assessing the strength of an institution, please consult your financial adviser.

Important points and risks

Your Capital is at risk and you could lose some or all of your investment. You should seek financial advice to ensure you understand the following risks and to determine the suitability of this investment for you.

Counterparty risk

- In the event that Societe Generale fails or becomes insolvent you could lose some or all of your Initial Capital.
- As with all similar structured investments, in the event of Counterparty or Issuer failure you will not have recourse to the Financial Services Compensation Scheme (FSCS). It is you, the investor, who faces these risks rather than the Plan Manager, Walker Crips Structured Investments.

Market risk

- The Plan is designed to provide you with the potential for a fixed level of return, which is dependent on the performance of the FTSE 100 Fixed Dividend Equal Weight Custom Index. In order to achieve this level of return, your Capital will be put at risk. If the Final Index Level is below 60% of its Initial Index Level, you will lose a significant amount of the Capital you invested.
- The Plan is subject to a maximum growth potential. It tracks the performance of the FTSE 100 Fixed Dividend Equal Weight Custom Index but does not invest directly in the shares of any of the companies of the underlying Index. Dividends are re-invested into the Index and a fixed dividend of 50 points is deducted from the Index level annually, which may be higher or lower than the actual dividends received by the companies of the underlying the Index. As such, the returns could be lower than if you invested directly in the shares of the companies of the underlying Index.
- The Plan is not the same as a deposit account. A deposit account is considered a relatively safe way to invest and normally allows you ready access to your Capital. The SG UK Equal Weight Kick-out Plan gives you the potential to benefit from a defined return dependent on the performance of the FTSE 100 Fixed Dividend Equal Weight Custom Index; however, your total return could be lower than you would have received in a deposit account.
- The FTSE 100 Fixed Dividend Equal Weight Custom Index may perform differently to other indices, such as the FTSE 100 Index. Both indices can fall as well as rise and the FTSE 100 Fixed Dividend Equal Weight Custom Index may have a significantly lower performance than the FTSE 100 Index.

Inflation risk

- Your investment is not adjusted for inflation, therefore, where inflation is high over the Investment Term, the real value of your investment may be reduced.

Early withdrawal and liquidity risk

- As with all similar structured products, the Plan is not designed to be bought and sold on a secondary market but is intended to be held by the purchaser until the Plan matures. Whilst a secondary market exists, it is not guaranteed. Liquidity may therefore be limited and the ability to trade on a secondary market should not be relied upon when choosing to invest in the Plan.
- You should only invest in the Plan if you do not need access to your Capital for the full six year Investment Term. Early withdrawal may result in capital loss.

Is this Plan right for me?

Due to the risks involved in investing in the SG UK Equal Weight Kick-out Plan, you should consult a financial adviser to determine whether the Plan is suitable for your individual situation. This brochure does not constitute investment advice.

The Plan MAY be suitable for you if:

- You understand the nature of the Plan, how returns are calculated and the risks involved with investing.
- You understand that your Capital is at risk and you are able to withstand the loss of some or all of your Capital.
- You are prepared to accept the Counterparty risk of Societe Generale.
- You understand the Investment Term and you will not need access to your Capital for six years. You have other readily accessible funds available to meet your immediate financial needs and for emergencies.
- You understand the Investment Term and accept the possibility that the Plan may mature early if certain conditions are met.
- You are looking for potential growth from your Capital but do not expect a minimum return.
- You do not require an income from your Capital.
- You understand that you may not receive any return at all.
- You understand your potential returns are dependent on stock market performance.
- You understand that the potential return on your investment is fixed at a predefined amount and, if the Index performs better than the maximum potential return offered by the Plan over the Investment Term, you may receive less than you would have received had you invested directly in the FTSE 100 Fixed Dividend Equal Weight Custom Index.
- You have a positive view of the FTSE 100 Fixed Dividend Equal Weight Custom Index performance over the next six years.
- You have a minimum of £10,000 to invest.

The Plan MAY NOT be suitable for you if:

- You are unsure how the Plan works.
- You cannot afford to put your Capital at risk, or are uncomfortable in putting your Capital at risk.
- You are not prepared to accept the Counterparty risk of Societe Generale.
- You do not have other readily accessible funds available to meet your immediate financial needs and for emergencies.
- You are unable to commit to investing your Capital for the six year Investment Term.
- You would like to receive income from your Capital.
- You would like to add to your investment from time to time or at regular intervals over the Investment Term.
- You do not want your potential returns to be dependent on stock market performance.
- You do not have a positive view of the FTSE 100 Fixed Dividend Equal Weight Custom Index performance over the next six years.

How to invest

There are a number of ways you can invest in the Plan, some of the options may be more tax-efficient for you with careful planning.

Direct investment (individual or joint names)

It is Walker Crips' understanding that the returns you may receive on any direct investment in this Plan are subject to Capital Gains Tax under present legislation. This means that you may be able to use your annual Capital Gains Tax exemption to reduce or eliminate the tax charge on any returns from this Plan. You should be mindful where you may have realised other investment gains, as the exemption applies to all of your taxable gains over the whole tax year.

Pension investment

If you invest via a SIPP (Self Invested Personal Pension) or SSAS (Small Self Administered Scheme), investment returns within your pension are likely to be free of Income Tax and Capital Gains Tax. Before you invest, you should ensure that the terms of your scheme permit an investment of this type.

2017/18 Stocks & Shares ISA investment

You can use your ISA allowance to invest from £10,000 to £20,000 for the 2017/18 tax year, provided that you have not already opened a Stocks & Shares ISA for the period 6 April 2017 to 5 April 2018.

ISA transfer

You can transfer an existing Stocks & Shares ISA or Cash ISA, provided the total value of ISA transfers is at least £10,000. This will not affect your annual Stocks & Shares ISA allowance. The Plan is only available for Stocks & Shares ISA subscription and any Cash ISAs transferred will lose their Cash ISA status and will form part of your accumulated Stocks & Shares ISA. There is no maximum limit for ISA transfers.

Other arrangements

The Plan is also eligible for most trust, corporate and charity investment. Before you invest, you should ensure that the terms or deeds under which the trust, company or charity was established allow investments of this type.

All information on taxation in this brochure is based on Walker Crips' understanding of UK tax legislation at the time of writing. Tax rules are subject to change and the value of tax reliefs will depend on your individual circumstances. Please note that Walker Crips does not provide tax advice and you should consult your financial adviser or tax adviser for further details of your individual tax position.

For your own benefit and protection you should read the brochure and all of the Terms and Conditions of the SG UK Equal Weight Kick-out Plan before completing an Application Form. If you do not understand any point, please ask your financial adviser for further information.

Frequently asked questions

Who is eligible to invest?

Anyone aged 18 or over who is resident and ordinarily resident in the UK for tax purposes may invest in the Plan. There is no upper age limit. Direct investments may be in joint names. The Plan is also available for UK trustees (including trustees of pension schemes), UK corporates and UK charities, where the entity permits investments of this type.

How can I see a copy of the prospectus?

In addition to this brochure, further information is available in the Prospectus which contains the full information and contractual terms for the securities. If you, or your adviser, would like to review the Prospectus before investing, an electronic copy is available on request from Walker Crips Structured Investments.

How will I be kept informed of the progress of my investment?

When your application and payment are received, we will write to you with details of your Plan. We will send you statements twice a year until the Plan matures so that you can keep track of your investment. You can also call Walker Crips Structured Investments to obtain a valuation on 020 3100 8880 and prices will be published on our website at www.wcgpplc.co.uk/wcsi.

Can I change my mind?

Yes. When your Application Form is received, we will send you a cancellation notice. You will have 14 days from the date you receive this notice to return it. If this is before the Investment Start Date then you will receive your initial investment back in full. If we receive your cancellation notice after the Investment Start Date, then we will sell your holding and return the proceeds to you. In this situation you may get back less than you invested.

Can I withdraw my money?

If your circumstances change and you need access to your money prior to the maturity of your Plan, you can withdraw all or part of your investment early. However, you should be aware that the ability to withdraw early is not guaranteed and may result in a loss of Capital (see 'Early withdrawal and liquidity risk' on page 12). If you need to withdraw all or part of your Plan before the Maturity Date, we must receive your clear instruction in writing. We are unable to accept an instruction to withdraw less than £500 from your investment. An administrative charge of £90 will be deducted for each early withdrawal instruction processed.

In order to withdraw all or part of your investment, we will need to sell the underlying securities of the Plan (or a proportion thereof) which are held by us on your behalf. The amount you will receive back will be determined by the market value of these underlying securities. During the Investment Term the value of the underlying securities may go up or down. Different factors, such as a fall in the level of the underlying Index, or a rise in interest rates, can have a significant negative impact on their value.

If you hold your investment within an ISA account, and you withdraw from the Plan, please note that the proceeds will lose their ISA status if you instruct us to transfer the funds to your bank account. Alternatively, you can withdraw from the Plan and transfer the proceeds to another ISA manager, in which case, the tax benefits of the ISA will be retained.

Should you wish to transfer your ISA, you will need to contact your other ISA manager to arrange the transfer. Please note, we will deduct an administrative charge of £90 to sell your holding in the Plan and transfer your ISA, you may also be charged by the new ISA manager.

What happens at the end of my investment?

Shortly before the Investment End Date (or at the relevant anniversary date if the Plan matures early), we will write to you outlining your options. Your maturity proceeds will be applied to your Walker Crips Account within 10 business days of the Investment End Date, or relevant anniversary date, subject to timely receipt of the funds from the Issuer. Provided you have completed and returned the appropriate documentation, we will then proceed with your maturity instruction.

What happens if I die?

If you die before the Plan matures, the Plan can be closed or transferred to another person. Your personal representatives should inform Walker Crips, and the Plan will be dealt with in accordance with their instructions. We will take instructions from the Trustees or Executors of the deceased with respect to disposals or cash withdrawals upon production of a Sealed Grant of Probate. Please note that early withdrawal may result in a loss of Capital.

What fees are payable?

Your financial adviser will give you information about any fees that they charge. Those fees can either be settled directly with your adviser or we can deduct the fee from the amount you invest and pay this amount to your adviser.

Are Walker Crips charging me for this investment?

The costs associated with marketing, distribution and administering of the Plan have been allowed for in the calculation of returns the Plan is designed to pay. These charges will not exceed 1.90%.

There will be no charges to transfer cash proceeds from an investment at maturity by either standard electronic transfer (BACS) or by cheque. However, there will be instances where we need to cover our administration costs. The table below details a summary of our current charges.

If you wish to sell your ISA holding and transfer the proceeds to another ISA manager prior to maturity.	£90.00

This money is protected in accordance with the FCA's client money rules. In the event that Walker Crips becomes insolvent, your money cannot be accessed by creditors or the bank itself. If the bank holding your money becomes insolvent, you may be entitled to claim compensation from the Financial Services Compensation Scheme (FSCS).

During the Investment Term, your money is not held by Walker Crips, it is invested in the Plan and exposed to the credit risk of Societe Generale. If Societe Generale becomes insolvent you will not be entitled to claim compensation from the FSCS.

You do not have the right to claim compensation against Walker Crips, or from the FSCS, in relation to poor investment performance of the underlying securities of the Plan.

The Plan Manager reserves the right to reject an application for any reason. The Plan is not available to US Persons.

2. ISA Accounts

a) You must subscribe to your ISA Account with your own (or your spouse's) cash or by transfer of cash from an existing ISA account. If you do so, please provide your name and address and the account number with clear instructions to cancel your investment.

b) If the Plan Manager receives your cancellation notice after the Investment Start Date, it will return to you any cash subscriptions in the Plan, with any accrued interest, less an allowance for a reduction in the market value of the Investments if applicable. You might not get back the amount originally invested in the Plan.

The Plan Manager may also make enquiries of third parties in verifying identity. This would include electronic verification through a third party provider.

6. Client money

a) Subscriptions received before the Investment Start Date, and proceeds returned following maturity of the Plan, will be held by the Plan Manager in a pooled client money account with an FCA authorised and regulated bank.

b) Your funds are protected in accordance with FCA client money rules, meaning that money belonging to clients is segregated from monies belonging to Walker Crips Stockbrokers Ltd. Therefore, in the event of Walker Crips Stockbrokers Ltd's insolvency or default, there is no right of offset between credit balances held on behalf of clients and any indebtedness of Walker Crips Stockbrokers Ltd. Any shortfall in client money may be shared pro rata among all clients, however, eligible claimants may benefit from the protection of the FSCS in relation to the first £50,000 of a claim. In the event of the bank's insolvency or default, any shortfall in client money may be shared pro rata among all clients. c) No interest will be accrued on funds held prior to the Investment Start Date or following maturity of the Plan.

d) The Plan Manager shall continue to treat unclaimed maturity or allocated funds as client money, in accordance with FCA client money rules, for a period of six years. No interest will be accrued on unclaimed or allocated funds during this period.

7. Investments

a) Your investment in the Plan includes an agreement to purchase Investments for your Account. These Investments are securities, which have been structured with a view to meeting the Investment Objective of the Plan. Investment in the Plan will not commit your funds to any extent beyond the amount invested by you.

b) The Investments in your Plan will be exercised or mature on the Maturity Date. The Investments are structured so that their value on that date will correspond to the amount you are due to receive from your Plan in accordance with the Investment Objective. The Plan Manager will contact you prior to the Maturity Date to inform you of any action required by you. The Plan Manager may, at its discretion, repay maturity proceeds to you by transferring the funds into the bank or building society account from where the Initial Capital investment originated. Should this occur, you will be informed in writing by the Plan Manager.

c) Your Investments will be registered in the name of the Nominee. Such Investments shall not be lent to any third party and money may not be borrowed on your behalf against the security of those Investments. The Plan Manager accepts responsibility for any acts or omissions of the Nominee.

d) Your Investments will be registered collectively in the name of the Nominee and although the amount of Investments that you hold will be recorded and separately identified by the Plan Manager, your holding may not be identifiable by separate documents or certificates of title. Therefore, in the event of insolvency or default, any shortfall in the Investments may be shared pro rata among all investors in the Plan.

e) At all times during the continuance of the Plan, you will remain the beneficial owner of the Investments held in the Plan and the Plan must not be used as security for a loan. You may not dispose of or transfer an interest in any Investment held in the Plan, and may not create (or have outstanding) any charge or security on or over any Investment.

8. Information to clients

a) At all times you or your nominated agent may request sight or a copy of entries in the Plan Manager's records relating to your Investments in accordance with the rules of the FCA Handbook. Such records will be maintained for a minimum of seven years after the Investment Start Date.

b) The Plan Manager will supply you semi-annually with a report on the value of the Investments held through your Account.

c) The Nominee will hold the voting rights (if any) in relation to the Investments in your Plan. The Nominee will have the right to exercise such voting rights (or abstain from exercising them) at its discretion. If you request, the Plan Manager will send you copies of the annual report and accounts and other information which is issued to holders of Investments in your Plan. To make this request please write to Walker Crips Structured Investments.

9. Account closure / termination

a) The Plan or any Account may be terminated immediately by the Plan Manager on giving written notice to you if, in its opinion, it is impossible to administer the Plan or that Account in accordance with the FCA Handbook or Regulations or if you are in breach of the Regulations.

c) The Plan Manager may terminate the Plan on one month's notice if you fail to pay any money due under these Terms and Conditions.

d) You may terminate the Plan or any Account at any time by giving written notice to that effect to the Plan Manager. The notice must specify whether you wish the proceeds from the sale of the Investments to be paid directly to you or to be transferred to another Plan Manager. Such notice must be received no later than close of business two days prior to the next Dealing Date. If a Dealing Date is not a Scheduled Trading Day, we will sell your holding on the following day which is a Scheduled Trading Day. There will be a restricted market in the sale of Investments. Early withdrawal may result in a loss of Capital. An early withdrawal fee of £90 will be charged.

e) Termination of the Plan or any Account will be without prejudice to the settlement of any outstanding fees and will not affect any legal rights or obligations which may have already arisen or any provision of these Terms and Conditions which is expressly or by necessary implication intended to survive termination. On termination, the Plan Manager will promptly account to you for the proceeds of sale of the Investments held through your plans save that it will be entitled to retain any funds required to pay any outstanding tax or other amounts payable from the Plan.

10. Taxation

a) For UK residents, under current legislation, the proceeds of an ISA Account will not be subject to either UK Income Tax or UK Capital Gains Tax and any gains or losses on your investment will be disregarded for the purposes of UK Capital Gains Tax. Where Investments are held through a Direct Account, you may be subject, depending on your personal circumstances, to UK tax on any income received or any capital gain arising on disposal. These statements are based on current legislation, regulations and practice, all of which may change.

b) The levels and bases of taxation and reliefs from taxation can change at any time. The value of any tax reliefs will depend on individual circumstances.

11. Death

On your death, your Plan will be dealt with in accordance with the instructions of your personal representatives. The Plan Manager will continue to hold your assets until instructions are received from your personal representatives. Your personal representatives can sell your Investments or transfer them to your beneficiaries. The Plan Manager is entitled to deduct any withdrawal fees.

12. Charges

The returns which you are due to receive in accordance with the investment objective are net of all anticipated charges and expenses. The charges exclude any such tax or charges for taxation charges, and any fees agreed with your adviser to be deducted from your Initial Capital. The total charges for this product are taken on the Investment Start Date. If you terminate your Plan before maturity, a charge of £90 will be deducted. The charges taken at the Investment Start Date will not be rebated. If however you exercise your cancellation rights, you will receive a full refund of any charges. Please note that it is possible that you will be liable to pay additional taxes or costs that are not paid, or imposed, by us.

13. Liability

a) The Plan Manager will maintain insurance cover to indemnify you against, inter alia, misappropriation of funds or securities by any employee of the Plan Manager. You will indemnify the Plan Manager and the Nominee against any liability or loss which the Plan Manager or the Nominee may suffer or incur (including taxes for which you are primarily liable and any expenses reasonably and properly incurred) in the proper course of administering your Account, except to the extent arising from any negligence, wilful default or fraud on the part of the Plan Manager or the Nominee.

b) The Plan Manager may employ agents in connection with the services it is to provide and may delegate any or all of its powers or duties to any delegate(s) of its choice in accordance with the Regulations. The Plan Manager will satisfy itself that any person to whom it delegates any of its functions or responsibilities under these Terms and Conditions is competent to carry out those functions or responsibilities. The Plan Manager shall not be liable for the negligence or misconduct of any such agent or delegate, except where it has been negligent in its choice of such agent or delegate, not excluding or restricting any liability towards you to which, by virtue of the Regulations, the Financial Services and Markets Act 2000, or the FCA Handbook, the Plan Manager may be subject.

c) The Plan Manager will exercise its authority under these Terms in an appropriate way. However, whilst the Investments will be structured with a view to meeting the Investment Objective on the Maturity Date, the Plan Manager is unable to (and does not) ensure that the Investment Objective will be met. You acknowledge that you have read and understood these Terms and the risk factors set out in the brochure provided to you in connection with your Plan. In particular, you acknowledge that your entitlement under the Plan is dependent on the exact terms of issue of the Investments. These may contain provisions allowing for (a) adjustments to the timing of calculation of entitlements and (b) the termination of the Investments, including (without limitation) in circumstances where the Counterparty is in default. Investors needing a fuller understanding of the detailed risks under the Investments are referred to the Prospectus for the securities (a copy of which shall be made available upon request from the Counterparty or the Plan Manager). No provision in these Terms will operate so as to exclude or limit the liability of the Plan Manager to the extent that this would be prohibited by law or the FCA Rules.

- i) if the Issuer or Counterparty fails or becomes insolvent;

14. Market disruption, extraordinary event, adjustment event

- a) If a market disruption event, extraordinary event or any adjustment event occurs, the Calculation Agent may make necessary adjustments to the terms of the Investments in their sole and absolute discretion, acting in good faith and in a commercially reasonable manner.
- b) Such events include, but are not limited to, the early closure or unannounced closure of a relevant exchange, disruption or interruption of trading of a relevant exchange, and suspension or limitation of trading of a relevant exchange.
- c) Examples of adjustments that may need to be made include, but are not limited to, postponing taking the level of a relevant Index on the date which such event occurs, using an alternative method of calculating or estimating the value of a relevant Index or selecting an appropriate substitute index. We keep a record of these and monitor the organisational and administrative arrangements we have to manage them. The types of conflict we monitor and manage are those which could weaken our internal controls and lead to unfair treatment of clients. We may record the results and use the information obtained to help us comply with UK regulations on identifying clients, reporting fraud and market abuse or to report other suspected breaches of UK financial services legislation.
