

UK Kick-out Plan (90% version)

Issue 2

Plan Summary

Potential Early Maturity (Kick-out)

The Plan has the potential to mature early (kick-out), from the second anniversary, and on three subsequent anniversary dates, depending on the performance of the FTSE 100 Index.

If, on an anniversary date, the closing level of the FTSE 100 Index is at or above 90% of the Initial Index Level, the Plan will mature early and you will receive back your Initial Capital plus capital growth of 7.00% for each year that has elapsed.

If, however, the FTSE 100 Index is below 90% of the Initial Index Level on an anniversary date, no growth will be achieved and the Plan will continue to the next anniversary date.

Final Maturity

Where the performance of the FTSE 100 Index has not activated an early maturity, and the Plan runs for the full six-year term, the final value of the Plan will be determined by the Final Index Level of the FTSE 100 Index on the Investment End Date.

If the Final Index Level is at or above 90% of the Initial Index Level, you will receive 100% of your Initial Capital, plus additional capital growth of 42.00%.

If the Final Index Level is below 90% of the Initial Index Level, but at or above 60% of the Initial Index Level, you will receive 100% of your Initial Capital back but no capital growth.

If, however, the Final Index Level is below 60% of its Initial Index Level, no growth will be achieved and your Capital will be reduced by 1% for every 1% the Final Index Level is below its Initial Index Level or fraction thereof.

Capital Return at Maturity

Return of Capital plus any capital growth or less any reduction, will be applied to your Walker Crips Account within 10 business days of the Investment End Date, or relevant anniversary date, subject to timely receipt of maturity proceeds from the Issuer.
